PRESENTER:

MATT BELCHER, BELCHER HOMES

Matt Belcher is an experienced builder/developer and nationally-recognized consultant, educator and author on the business of green building and development. He has been actively involved in the St. Louis area construction industry for three decades, including six years as a top building codes official.

Belcher will present information regarding updates to the energy code (IECC) as well as changes in the '09 building code (IRC). He will also provide an overview of the new International Green Construction Code, which is set to be released early next year.
